

DEODORANT CONCENTRATE

ODOR COUNTERACTANT

BIG D® DEODORANT CONCENTRATE is a cost-effective, multipurpose odor counteractant. Specially formulated, it will neutralize all odors on contact, not mask them. It eliminates all odors at the source by a catalytic reaction wherever confronted. It is safe to use on any surface that water alone can be used on.

DEODORANT CONCENTRATE can be used in conjunction with any cleaner or shampoo – anything that is water soluble. It can be used daily to counteract odors each time you clean. Safe to use, it is nontoxic, nonflammable and entirely biodegradable. Use **DEODORANT CONCENTRATE** in hotels/motels, food service, health care, and other institutions.

All Big D® products are free of surfactants known as APEs (alkylphenol ethoxylates) and NPEs (nonylphenol ethoxylates), which do not biodegrade quickly and are toxic to aquatic life.

DEODORANT CONCENTRATE

PRODUCT NO.	FRAGRANCE
120800	Citrus
121300	Cherry

GALLONS packed 4 per shipping case.
