

CALIFORNIA PROPOSITION 65 DECLARATION

August 9, 2018

Dear Valued Customers,

On August 30, 2016, California's Office of Administrative Law approved new Prop 65 warning regulations promulgated by OEHHA. The new warning regulations do not change the fundamental legal principle that all companies are liable for Prop 65 violations, but amendments to the warning regulations were approved. The amendment changes the form and content of the "Safe Harbor" warnings. The amendments also clarify who has responsibility for providing warnings.

For products manufactured before August 30, 2018, retailers and manufacturers can choose whether to rely on the current or new Safe Harbor warnings. Products manufactured after August 30, 2018, however, should include the new warning in order to ensure compliance.
